PROXY STATEMENT

INTRODUCTION

This proxy statement and the accompanying proxy are made available by Micronet Enertec Technologies, Inc. (the “Company”), to the holders of record of the Company’s outstanding shares of Common Stock, \$0.001 par value per share, (the “Common Stock”), commencing on or about October 3, 2017. The accompanying proxy is being solicited by the Board of Directors of the Company (the “Board”), for use at the annual meeting of stockholders of the Company (the “Meeting”), to be held on the 15th day of November 2017 at 5:00 p.m. local time, at our offices, 27 Hametzuda St., Azur, Israel 58001 and at any adjournment or postponement thereof. The cost of solicitation of proxies will be borne by the Company. Directors, officers and employees of the Company may also assist in the solicitation of proxies by mail, telephone, telefax, in person or otherwise, without additional compensation. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting materials to the owners of stock held in their names and the Company will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of such proxy materials.

The Board has fixed October 3, 2017 as the record date for the Meeting (the “Record Date”). Only stockholders of record on the Record Date are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. On October 3, 2017, there were 7,706,307 shares of Common Stock issued and outstanding. Each share of Common Stock is entitled to one vote per share.

The Company’s Bylaws, as amended, provide that a quorum shall consist of the holders of at least a majority of the stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy at the Meeting. If such quorum shall not be present or represented, the stockholders entitled to vote thereat, present in person or represented by proxy, shall have the power to adjourn the Meeting, without notice other than announcement at the Meeting, until a quorum shall be present or represented. Abstentions may be specified on all proposals other than with respect to the election of directors. Abstentions will be counted as present for purposes of determining a quorum and will be counted as not voting on the proposal in question. Submitted proxies which are left blank will also be counted as present for purposes of determining a quorum, but are not counted for purposes of determining whether a proposal has been approved in matters where the proxy does not confer the authority to vote on such proposal, and thus have no effect on its outcome.

The Company’s Bylaws, as amended, provide that directors are to be elected by a plurality of the votes of the shares present in person or represented by proxy at the Meeting and entitled to vote on the election of directors. This means that the four candidates receiving the highest number of affirmative votes at the Meeting will be elected as directors. Only shares that are voted in favor of a particular nominee will be counted toward that nominee’s achievement of a plurality. Shares present at the Meeting that are not voted for a particular nominee or shares present by proxy where the stockholder properly withheld authority to vote for such nominee will not be counted toward that nominee’s achievement of a plurality.

In all matters, other than the election of directors, the affirmative vote of the holders of a majority of the stock having voting power present in person or represented by proxy shall be sufficient for the approval of the proposals in this proxy statement and any other business which may properly be brought before the Meeting or any adjournment or postponement thereof.

All shares of Common Stock represented in person or by valid proxies received by the Company prior to the date of, or at, the Meeting, and not revoked, will be voted as specified in the proxies or voting instructions. Votes that are left blank will be voted as recommended by the Board. With regard to other matters that may properly come before the Meeting, votes will be cast at the discretion of the proxies.

Broker non-votes occur when a beneficial owner of shares held in “street name” does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed “non-routine.” Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker or nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker or nominee can still vote the shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. In the event that a broker, bank, or other agent indicates on a proxy that it does not have discretionary authority to vote certain shares on a non-routine proposal, then those shares will be treated as broker non-votes. We believe that all proposals in this proxy statement are non-routine proposals, except Proposal No. 2 with respect to the ratification of the selection of the independent registered public accounting firm, which is a routine matter; therefore, your broker, bank or other agent will not be entitled to vote on any of these proposals at the Meeting without your instructions. Broker non-votes will be counted towards the quorum requirement. Other than for the purpose of establishing a quorum, as discussed above, broker non-votes will not be counted as entitled to be voted and will therefore not affect the outcome of the matters to be voted thereon.

Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the Meeting. The mere presence at the Meeting of the person appointing a proxy does not, however, revoke the appointment.

IMPORTANT: If your shares are held in the name of a brokerage firm, bank, nominee or other institution, you should provide instructions to your broker, bank, nominee or other institution on how to vote your shares. Please contact the person responsible for your account and give instructions for a proxy to be completed for your shares.

Our website address is included several times in this proxy statement as a textual reference only and the information in our website is not incorporated by reference into this proxy statement.

PROPOSAL NO. 1 — ELECTION OF DIRECTORS

At the Meeting, four directors are to be elected, which number shall constitute our entire Board, to hold office until the next annual meeting of stockholders and until their successors shall have been duly elected and qualified. Pursuant to our Bylaws, as amended, directors are to be elected by a plurality of the votes of the shares present in person or represented by proxy at the Meeting and entitled to vote on the election of directors. This means that the four candidates receiving the highest number of affirmative votes at the Meeting will be elected as directors. Only shares that are voted in favor of a particular nominee will be counted toward that nominee’s achievement of a plurality. Proxies cannot be voted for a greater number of persons than the number of nominees named or for persons other than the named nominees.

Unless otherwise specified in the proxy, it is the intention of the persons named in the enclosed form of proxy to vote the stock represented thereby for the election as directors, each of the nominees whose names and biographies appear below. All of the nominees whose names and biographies appear below are presently our directors. In the event any of the nominees should become unavailable or unable to serve as a director, it is intended that votes will be cast for a substitute nominee designated by the Board. The Board has no reason to believe that the nominees named will be unable to serve if elected. Each nominee has consented to being named in this proxy statement and to serve if elected.

Principal Employment and Experience of Director Nominees

The following information is furnished with respect to the persons nominated for election as directors. All of these nominees are current members of our Board:

We believe that Mr. Lucatz’s experience over the last 25 years in management, operations, finance and business development in corporate turnaround, roll-up and M&A situations, as well as his experience in the electronics defense and homeland security sectors, make him suitable to serve as a director of the Company.

We believe that Professor Ofir's extensive experience in consulting companies on strategic processes, international business development, business and marketing strategy, establishing control systems, products and new product strategies and pricing strategy, makes him suitable to serve as a director of the Company

Jeffrey P. Bialos* 62 Mr. Bialos has served on our Board since April 2013. Mr. Bialos has over 30 years of experience in a broad range of domestic and international legal, governmental and public policy positions. He served as Deputy Under Secretary of Defense for Industrial Affairs from January 1999 through December 2001 and in senior positions at the State and Commerce Department during the Clinton Administration and served on Defense Science Board task forces from June 1996 through June 1997. He also was appointed to the Secure Virginia Panel, Virginia's homeland security board, by two Virginia Governors. Mr. Bialos also spent considerable time in private legal practice in Washington, D.C. with two large national law firms (currently, Sutherland, Asbill & Brennan LLP where he has been a partner since 2002 and, previously, Weil, Gotshal & Manges from January 1990 through June 1996). He has represented a wide range of domestic and foreign firms (including large multinational corporations and leading defense and aerospace firms), foreign governments, development institutions such as the European Bank for Reconstruction and Development and the International Finance Corporation, private equity funds, public-private partnerships and other entities, in a diverse range of corporate and commercial, adjudicatory, regulatory, policy and interdisciplinary matters. Mr. Bialos holds a J.D. from the University of Chicago Law School, a M.P.P. from the Kennedy School of Government at Harvard University and an A.B. from Cornell University. He is a member of the New York Council on Foreign Relations.

We believe that Mr. Bialos' broad and intimate familiarity with the aerospace, defense, information technology, space and homeland security industries and the depth and breadth of his professional experience as a practicing lawyer and former government official, make him suitable to serve as a director of the Company

Miki Balin* 47 Mr. Balin has served on our Board since April 2013. Mr. Balin has been the Chief Executive Officer and founder of Targetingedge Ltd., a subsidiary of TLVmedia Ltd since 2013. He also managed a family-owned food distribution company, and served as general manager of the Rina Shinfeld Ballet Theatre, where he still serves as a director. In 2011, WinBuyer was awarded the "Best Product at eCommerce Expo" for its product Winbuyer 2.0.

We believe that Mr. Balins' experience as a business and marketing executive make him suitable to serve as a director of the Company.

* The Board has determined that this director or nominee is "independent" as defined by the rules of the Securities and Exchange Commission, or SEC, and NASDAQ Stock Market, or NASDAQ rules and regulations. None of the independent directors has any relationship with us besides serving on our Board.

Required Vote

Our Certificate of Incorporation, as amended, does not authorize cumulative voting. Our Bylaws, as amended, provide that directors are to be elected by a plurality of the votes of the shares present in person or represented by proxy at the Meeting and entitled to vote on the election of directors. This means that the four candidates receiving the highest number of affirmative votes at the Meeting will be elected as directors. Only shares that are voted in favor of a particular nominee will be counted toward that nominee's achievement of a plurality. Shares present at the Meeting that are not voted for a particular nominee or shares present by proxy where the stockholder properly withheld authority to vote for such nominee will not be counted toward that nominee's achievement of a plurality. Broker non-votes will not impact the outcome of the vote on this proposal but will be counted for purposes of determining whether there is a quorum.

The Board recommends a vote FOR the election of each of the director nominees named above.

PROPOSAL NO. 2 – RATIFICATION OF THE SELECTION OF ZIV HAFT, A BDO MEMBER FIRM, AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR THE FISCAL YEAR ENDING DECEMBER 31, 2017.

Our audit committee of our Board (the "Audit Committee") has selected Ziv Haft, a BDO Member Firm, as our independent registered public accounting firm (the "Independent Auditors") for the current fiscal year, subject to ratification by our stockholders at the Meeting. We do not expect to have a representative of the Independent Auditors attending the Meeting.

Neither our by-laws, our other governing documents, nor other law requires stockholder ratification of the selection of the Independent Auditors as our independent registered public accounting firm. However, the Audit Committee is submitting the selection of the Independent Auditors to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain the Independent Auditors. Even if the selection is ratified, the Audit Committee in its discretion may decide to appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Required Vote

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the ratification of the selection of the independent registered public accounting firm. Broker non-votes will not impact the outcome of the vote on this proposal but will be counted for purposes of determining whether there is a quorum.

The Board recommends a vote "FOR" the ratification of the selection of Ziv Haft, a BDO Member Firm, as independent registered public accounting firm of the Company for the fiscal year ending December 31, 2017.

PROPOSAL NO. 3 – APPROVAL OF AN AMENDMENT TO THE COMPANY'S 2014 STOCK INCENTIVE PLAN

Our 2014 Stock Incentive Plan (the "2014 Incentive Plan") was initially adopted by the Board on November July 17, 2014 and approved by our stockholders on September 30, 2014. Under the 2014 Incentive Plan, up to 100,000 shares of our Common Stock (subject to adjustment in the event of a stock split, stock dividend, recapitalization or other similar events) are currently authorized to be issued pursuant to options awards granted thereunder, 54,225 shares of which have been issued or have been

allocated to be issued as of September 30, 2017 and 45,775 shares remain available for future issuance as of September 30, 2017.

Our ability to grant equity awards is a necessary and powerful tool for recruitment and retention of valuable directors, officers, employees, consultants and advisors. We have strived to use our equity plan resources effectively and maintain an appropriate balance between stockholder interests and the ability to attract, retain and reward directors, officers, employees, consultants and advisors who are vital to our long-term success. However, we believe there are insufficient shares remaining under our 2014 Incentive Plan to meet our current and projected needs, absent the expiration or cancellation of currently outstanding equity awards. Accordingly, on September 11, 2017, our Board unanimously approved an amendment to the 2014 Incentive Plan, subject to stockholder approval, under which the maximum number of shares of Common Stock authorized to be issued under the 2014 Incentive Plan is increased by 100,000 shares, from 100,000 shares to 200,000 shares. We are requesting stockholder approval of the amendment to the 2014 Incentive Plan with an increased aggregate share limit so that we can continue to utilize the 2014 Incentive Plan as an effective tool to attract, retain and motivate high-quality directors, officers, employees, consultants and advisors, especially in light of the increased growth of our business activities. If this proposal is approved, we intend to continue to consider and provide equity incentives to existing directors, officers, employees, consultants and advisors as well as to certain newly-hired officers, directors, employees, consultants and advisors. If this proposal is approved, we expect to have sufficient shares available under the 2014 Incentive Plan for the next 12 months. Our Board believes the ability to grant stock options and other equity awards provides us with a powerful and necessary mechanism to attract and retain directors, officers, employees and other valuable consultants and advisors, especially in light of our limited cash resources.

The full text of the amendment to the 2014 Incentive Plan is set forth in Exhibit A to this proxy statement.

Summary of the 2014 Incentive Plan

The material features of the 2014 Incentive Plan are described below. This summary does not purport to be a complete description of all of the provisions of the 2014 Incentive Plan, and is qualified in its entirety by reference to the full text of the 2014 Incentive Plan.

Purpose of the Plan

This 2014 Incentive Plan is intended to provide incentives (a) to the directors, officers and employees of the Company, by providing such directors, officers and employees with opportunities to purchase stock in the Company pursuant to Options granted thereunder (“Options”), (b) to directors, officers, employees, consultants and advisors of the Company by providing them with opportunities to receive awards of stock in the Company whether such stock awards are in the form of bonus shares, deferred stock awards, or performance share awards (“Awards”); and (c) to directors, officers, employees, consultants and advisors of the Company by providing them with opportunities to make direct purchases of restricted stock in the Company (“Restricted Stock”).

Administration of the Plan

The 2014 Incentive Plan shall be administered by the Board. The Board may appoint a Compensation Committee (the “Compensation Committee”) of two or more of its members to administer the 2014 Incentive Plan and to grant stock incentives thereunder, provided such Compensation Committee is delegated such powers in accordance with applicable law.

Subject to the terms of the 2014 Incentive Plan, the Compensation Committee shall have the authority to: (i) determine the employees, officers and directors of the Company to whom stock incentives may be granted; (ii) determine the time or times at which Options, Awards or Restricted Stock may be granted or authorizations to make direct purchases of restricted stock in the Company (“Restricted Stock Purchases”) may be made; (iii) determine the exercise price of shares subject to each Option, and the purchase price of shares subject to each Restricted Stock purchase; (iv) determine the time or times when or what conditions must be satisfied before each Option shall become exercisable

and the duration of the exercise period; (v) determine whether restrictions such as transfer restrictions, repurchase Options and “drag along” rights and rights of first refusal are to be imposed on shares subject to Options, Awards and Restricted Stock Purchases and the nature of such restrictions, if any; (vi) impose such other terms and conditions with respect to capital stock issued pursuant to Stock Rights (as hereinafter defined) not inconsistent with the terms of the 2014 Incentive Plan as it deems necessary or desirable; and (viii) interpret the 2014 Incentive Plan and prescribe and rescind rules and regulations relating to it.

The interpretation and construction by the Compensation Committee of any provisions of the 2014 Incentive Plan or of any stock incentives granted under it shall be final unless otherwise determined by the Board. The Compensation Committee may from time to time adopt such rules and regulations for carrying out the 2014 Incentive Plan as it may deem best. No member of the Board or the Compensation Committee shall be liable for any action or determination made in good faith with respect to the 2014 Incentive Plan or any stock incentives granted under it.

The Compensation Committee shall have authority to adopt special rules and sub-plans, and forms of agreements thereunder, for participants in foreign jurisdictions provided that those sub-plans and agreements do not contravene the provisions of the 2014 Incentive Plan.

Scope of the Plan

If the amendment is approved, the total number of shares of stock reserved and available for grant and issuance pursuant to the 2014 Incentive Plan will be 145,775. In addition, if shares of stock are subject to an award that terminates without such shares of stock being issued, then such shares of stock will again be available for grant and issuance under this plan. Should any Option expire or be canceled prior to its exercise in full or should the number of shares of stock to be delivered upon the exercise in full of an Option be reduced for any reason, the shares of stock theretofore subject to such Option may be subject to future Options under the 2014 Incentive Plan, except where such reissuance is inconsistent with the provisions of Section 162(m) of the United States Internal Revenue Code of 1986 (the "Code").

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, or other change in corporate structure affecting our stock, the Compensation Committee shall make an appropriate and equitable adjustment in the number and kind of shares reserved for issuance under the 2014 Incentive Plan and in the number and exercise price of shares subject to outstanding Options granted thereunder, to the end that after such event each optionee's proportionate interest shall be maintained as immediately before the occurrence of such event. The adjustments described above will be made only to the extent consistent with continued qualification of the Option under Section 422 of the Code (in the case of an Incentive Option, as defined below) and Section 409A of the Code (in the case of grantees potentially subject to Section 409A of the Code).

Eligibility

Options, Awards and authorizations to make Restricted Stock Purchases, may be granted to any employee, officer or director (whether or not also an employee) of or consultant or advisor to the Company. The Compensation Committee may take into consideration a recipient's individual circumstances in determining whether to grant Options, Awards or Restricted Stock (Options, Awards and Restricted Stock are referred to collectively, as "Stock Rights"). Granting a Stock Right to any individual or entity shall neither entitle that individual or entity to, nor disqualify him or her from, participation in any other grant of Stock Rights. The Company intends to file a registration statement on Form S-8 relating to the 2014 Incentive Plan, the shares issuable upon exercise of Options granted thereunder and the shares underlying any other Award or Restricted Stock thereunder.

Terms and Conditions of Options

Option Duration

Subject to earlier termination as provided under the 2014 Incentive Plan, each Option shall have such duration as may be specified by the Compensation Committee and set forth in the original stock option agreement granting such Option, but not more than ten years from the date of grant, but subject in any event to extension as determined by the Compensation Committee (in compliance with applicable tax rules, if any).

Exercise of Options

Subject to certain provisions of the 2014 Incentive Plan, each Option granted under the 2014 Incentive Plan shall be exercisable as follows: (a) Vesting: Subject to provisions of the 2014 Incentive Plan with respect to Incentive Options and as set forth under the paragraph titled "Administration of the Plan" above, the Compensation Committee shall determine the time or times when or what conditions must be satisfied before each Option shall become exercisable and the duration of the exercise period.

The Compensation Committee may also specify such other conditions precedent as it deems appropriate to the exercise of an Option; (b) Full Vesting of Installments: Once an installment becomes exercisable it shall remain exercisable until expiration or termination of the Option, unless otherwise specified by the Compensation Committee; (c) Partial Exercise: Each Option or installment may be exercised at any time or from time to time, in whole or in part, for up to the total number of shares with respect to which it is then exercisable, provided that the Compensation Committee may specify a certain minimum number or percentage of the shares issuable upon exercise of any Option that must be purchased upon any exercise; and (d) Acceleration of Vesting: The Compensation Committee shall have the right to accelerate the date of exercise of any installment of any Option, regardless of whether such acceleration will create adverse tax consequences to the optionee.

Granting of Stock Rights

Stock Rights may be granted under the 2014 Incentive Plan at any time on or after September 30, 2014 and prior to September 30, 2024. The date of grant of a Stock Right under the 2014 Incentive Plan will be the date specified by the Compensation Committee at the time it grants the Stock Right or such date that is specified in the instrument or agreement evidencing such Stock Right.

Assignability

Unless determined otherwise by the Compensation Committee, any Stock Right granted under the 2014 Incentive Plan generally is not transferable other than by will or by the laws of descent or distribution, and all rights with respect to an award granted to a participant generally will be available during a participant's lifetime only to the participant.

Acquisitions and Change in Control

Upon the occurrence of an Acquisition (as defined in the 2014 Incentive Plan), the Compensation Committee or the Board shall (i) provide that the entity that survives the Acquisition or purchases or leases the Company's assets in the Acquisition or any affiliate of such entity (the "Surviving Entity") shall assume the Options granted pursuant to the 2014 Incentive Plan or substitute options to purchase securities of the Surviving Entity on an equitable basis (as further described in the 2014 Incentive Plan), (ii) upon written notice to the optionees, provide that all Options will become exercisable in full subject to the consummation of the Acquisition as of a specified time prior to the Acquisition and will terminate immediately prior to the consummation of such Acquisition or within a specified period of time after the Acquisition, and will not be exercisable after such termination, or (iii) in the event of an Acquisition under the terms of which holders of Common Stock will receive upon consummation thereof an amount of cash, securities and/or other property for each share of Common Stock surrendered pursuant to such Acquisition (the amount of cash plus the fair market value reasonably determined by the Compensation Committee of any securities and/or other property received by holders of Common Stock in exchange for each share of Common Stock shall be the "Acquisition Price"), provide that all outstanding Options shall terminate upon consummation of such Acquisition and that each optionee shall receive, in exchange for all vested shares of Common Stock under such Option on the date of the Acquisition, a payment in cash or in kind having a fair market value reasonably determined by the Compensation Committee or the board of directors of the Surviving Entity equal to the amount (if any) by which (A) the Acquisition Price multiplied by the number of such vested shares of Common Stock exceeds (B) the aggregate exercise price of such shares. If the Compensation Committee chooses under clause (iii) in the preceding sentence that all outstanding Options shall terminate upon consummation of an Acquisition and that each optionee shall receive a payment for the optionee's vested shares, with respect to any optionee whose stock option agreement specifies that no shares are vested until the first anniversary of the commencement of the optionee's employment, if the consummation of the Acquisition occurs prior to such first anniversary, then the number of vested shares under such Option shall be deemed to be equal to the product of (x) the number of shares of stock subject to the Option that otherwise would vest on the first anniversary and (y) the quotient obtained by dividing the number of days the optionee was employed by the Company, by 365.

If a Change in Control Event (as defined in the 2014 Incentive Plan) occurs, and either (a) does not also constitute an Acquisition or (b) does constitute an Acquisition and clause (i) of the preceding paragraph is elected, and the optionee's employment with the Company, the related corporation or the Surviving Entity is terminated on or prior to the six month anniversary of the date of the consummation of such Change in Control Event either by the optionee for Good Reason (as defined in the 2014 Incentive Plan), or by the Company, the related corporation or the Surviving Entity for reason(s) other than Misconduct (as defined in the 2014 Incentive Plan), then all of the Options, or the equivalent to such Options in the form of assumed or substituted options granted in the Surviving Entity, that but for such termination and such Change in Control Event would vest on or prior to the next following annual anniversary of the grant date thereafter shall become immediately exercisable in full and any repurchase provisions applicable to Common Stock issued upon exercise thereof shall lapse; provided, however, that in particular stock option agreements issued pursuant to the 2014 Incentive Plan, the Board may provide that the Options or assumed or substituted options covered by such agreement shall become immediately exercisable upon the consummation of such Change in Control Event without regard to termination of employment, and that any repurchase provisions applicable to Common Stock issued upon exercise thereof shall lapse.

Amendment, Suspensions and Termination of the Plan

The Board may amend or terminate the 2014 Incentive Plan at any time, subject to any requirement of stockholder approval required by applicable law, rule or regulation, including, without limitation, NASDAQ rules and regulations. No amendment or termination of the 2014 Incentive Plan will impair the rights of any participant without the participant's consent, unless required by applicable law, legislation, regulation or rule.

Material Differences between 2014 Incentive Plan and 2012 Incentive Plan

We currently maintain both the 2014 Incentive Plan and the 2012 Incentive Plan (as hereinafter defined). The 2014 Incentive Plan permits the issuance of Options, as well as stock Awards and the opportunity for directors, officers, employees, consultants and advisors of the Company by providing them with opportunities to make direct purchases of Restricted Stock. Alternatively, the 2012 Incentive Plan only permits the issuance of stock options. We intend to continue to issue awards under both the 2014 Incentive Plan and the 2012 Incentive Plan.

Federal Tax Aspects

The following summarizes the U.S. federal income tax consequences that generally will arise with respect to awards granted under the 2014 Incentive Plan. This summary is based on the tax laws in effect as of the date of this proxy statement. This summary assumes that all awards granted under the 2014 Incentive Plan are exempt from, or comply with, the rules under Section 409A of the Code related to nonqualified deferred compensation. Changes to these laws could alter the tax consequences described below. This discussion is not intended to be a complete discussion of all of the federal income tax consequences of the 2014 Incentive Plan or of all of the requirements that must be met in order to qualify for the tax treatment described herein. In addition, because tax consequences may vary, and certain exceptions to the general rules discussed herein may be applicable, depending upon the personal circumstances of individual holders of securities, each participant should consider his personal situation and consult with his own tax advisor with respect to the specific tax consequences applicable to him. No information is provided as to state tax laws.

Incentive Stock Options. A participant will not have income upon the grant of an incentive stock option (an "Incentive Option"). Also, except as described below, a participant will not have income upon exercise of an Incentive Option if the participant has been employed by the Company at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant

will be taxed as described below under “Nonstatutory Stock Options.” The exercise of an Incentive Option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an Incentive Option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, then, if sold at a profit, all of the profit will be long-term capital gain or, if sold at a loss, all of the loss will be long-term capital loss. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and the participant will have ordinary income equal to the difference between the exercise price and the fair market value of the underlying stock at the time the option was exercised. Depending on the circumstances of the disqualifying disposition, the participant may then be able to report any difference between the fair market value of the underlying stock at the time of exercise and the disposition price as gain or loss, as the case may be.

Nonstatutory Stock Options. A participant will not have income upon the grant of a nonstatutory stock option. A participant will have compensation income upon the exercise of a nonstatutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Restricted Stock. Generally, restricted stock is not taxable to a participant at the time of grant, but instead is included in ordinary income (at its then fair market value) and subject to withholding when the restrictions lapse. A participant may elect to recognize income at the time of grant, in which case the fair market value of the Common Stock at the time of grant is included in ordinary income and subject to withholding and there is no further income recognition when the restrictions lapse.

Other Stock-Based Awards. The tax consequences associated with other stock-based awards granted under the 2014 Incentive Plan will vary depending on the specific terms of such award. Among the relevant factors are whether or not the award has a readily ascertainable fair market value, whether or not the award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the award and the participant's holding period and tax basis for the award or underlying Common Stock.

Tax Consequences to the Company. There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

Outstanding Equity Awards

As of December 31, 2016, no options were issued to our directors and employees under the 2014 Incentive Plan.

Required Vote

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the amendment of the 2014 Incentive Plan. Broker non-votes will not impact the outcome of the vote on this proposal but will be counted for purposes of determining whether there is a quorum.

The Board recommends a vote FOR the proposal to amend the 2014 Stock Incentive Plan.

PROPOSAL NO. 4 – APPROVAL OF AN AMENDMENT TO THE COMPANY'S 2012 STOCK INCENTIVE PLAN

Our 2012 Stock Incentive Plan (the "2012 Incentive Plan") was initially adopted by the Board on November 26, 2012 and approved by our stockholders on January 7, 2013 and subsequently amended on September 30, 2014 and October 26, 2015. Under the 2012 Incentive Plan, as amended, up to 1,000,000 shares of our Common Stock (subject to adjustment in the event of a stock split, stock dividend, recapitalization or other similar events) are currently authorized to be issued pursuant to option awards granted thereunder, 846,000 shares of which have been issued or have been allocated to be issued as of September 30, 2017 and 454,000 shares (including 300,000 expired options which has been allocated in the past) remain available for future issuance as of September 30, 2017.

Our ability to grant equity awards is a necessary and powerful tool for recruitment and retention of valuable directors, officers, employees, consultants and advisors. We have strived to use our equity plan resources effectively and maintain an appropriate balance between stockholder interests and the ability to attract, retain and reward directors, officers, employees, consultants and advisors who

are vital to our long-term success. However, we believe there are insufficient shares remaining under our 2012 Incentive Plan to meet our current and projected needs, absent the expiration or cancellation of currently outstanding equity awards. Accordingly, on September 11, 2017, our Board unanimously approved an amendment to the 2012 Incentive Plan, subject to stockholder approval, under which the maximum number of shares of Common Stock authorized to be issued under the 2012 Incentive Plan is increased by 2,000,000 shares, from 1,000,000 shares to 3,000,000 shares. We are requesting stockholder approval of the amendment to the 2012 Incentive Plan with an increased aggregate share limit so that we can continue to utilize the 2012 Incentive Plan as an effective tool to attract, retain and motivate high-quality directors, officers, employees, consultants and advisors, especially in light of the increased growth of our business activities. If this proposal is approved, we intend to continue to consider and provide equity incentives to existing directors, officers, employees, consultants and advisors as well as to certain newly-hired officers, directors, employees, consultants and advisors. If this proposal is approved, we expect to have sufficient shares available under the 2012 Incentive Plan for the next 36 months . Our Board believes the ability to grant stock options and other equity awards provides us with a powerful and necessary mechanism to attract and retain directors, officers, employees and other valuable consultants and advisors, especially in light of our limited cash resources.

The full text of the amendment to the 2012 Incentive Plan is set forth in Exhibit B to this proxy statement.

Summary of the 2012 Incentive Plan

The material features of the 2012 Incentive Plan are described below. This summary does not purport to be a complete description of all of the provisions of the 2012 Incentive Plan, and is qualified in its entirety by reference to the full text of the 2012 Incentive Plan.

Purpose of the Plan

The 2012 Incentive Plan is intended as an incentive to retain directors, officers, employees, consultants and advisors to the Company, persons of training, experience and ability, to attract new employees, directors, consultants and advisors whose services are considered valuable, to encourage the sense of proprietorship and to stimulate the active interest of such persons in the development and financial success of the Company, by granting to such persons options to purchase shares of the Company's Common Stock.

Options granted under the 2012 Incentive Plan to Israeli residents shall be granted pursuant to the Israeli Income Tax Ordinance (New Version), 1961, as amended, including the Law Amending the Income Tax Ordinance (Number 132), 2002 and any regulations, rules or orders or procedures promulgated thereunder.

Administration of the Plan

The Compensation Committee is the administrator of the 2012 Incentive Plan and shall have full power and authority to designate recipients of options, to determine the terms and conditions of respective option agreements (which need not be identical), including the vesting schedule of the options, which may be performance based, to interpret the provisions and supervise the administration of the 2012 Incentive Plan, to accelerate the right to exercise, in whole or in part, any previously granted option, to grant new options in exchange for existing options, to determine whether an award has been earned (if performance requirements must be satisfied) and to make technical amendments to the 2012 Incentive Plan. The Compensation Committee may also amend the terms of any option theretofore granted, prospectively or retroactively, but no such amendment shall impair the rights of any optionee without the optionee's consent.

Subject to the provisions of the 2012 Incentive Plan, the Compensation Committee shall interpret the plan and all options granted thereunder, shall make such rules as it deems necessary for the proper administration of the 2012 Incentive Plan, shall make all other determinations necessary or advisable for the administration of the 2012 Incentive Plan and shall correct any defects or supply any omission or reconcile any inconsistency in the 2012 Incentive Plan or in any options granted thereunder in the manner and to the extent that the Compensation Committee deems desirable to carry into effect the 2012 Incentive Plan or any options. Subject to the provisions of the 2012 Incentive Plan, any action taken or determination made by the Compensation Committee shall be conclusive on all parties.

Scope of the Plan

If the amendment is approved, the total number of shares of stock reserved and available for grant and issuance pursuant to the 2012 Incentive Plan will be 2,454,000 (including 300,000 expired options which has been allocated in the past), all of which can be Incentive Stock Options within the meaning of Section 422 of the Code. In addition, if shares of stock are subject to an award that terminates without such shares of stock being issued, then such shares of stock will again be available for grant and issuance under this plan. Should any option expire or be canceled prior to its exercise in full or should the number of shares of stock to be delivered upon the exercise in full of an option be reduced for any reason, the shares of stock theretofore subject to such option may be subject to future options under the 2012 Incentive Plan, except where such reissuance is inconsistent with the provisions of Section 162(m) of the Code.

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, or other change in corporate structure affecting the stock, the Compensation Committee shall make an appropriate and equitable adjustment in the number and kind of shares reserved for issuance under the 2012 Incentive Plan and in the number and option price of shares subject to outstanding options granted thereunder, to the end that after such event each optionee's proportionate interest shall be maintained as immediately before the occurrence of such event. The adjustments described above will be made only to the extent consistent with continued qualification of the option under Section 422 of the Code (in the case of an Incentive Stock Option) and Section 409A of the Code (in the case of grantees potentially subject to Section 409A of the Code).

Eligibility

The persons eligible for participation in the 2012 Incentive Plan as recipients of options shall include employees, officers and directors of, and, subject to their meeting the eligibility requirements to participate in an "employee benefit plan" as defined in Rule 405 promulgated under the Securities Act of 1933, as amended, consultants and advisors to, the Company.

In selecting optionees, and in determining the number of shares to be covered by each option granted to optionees, the Compensation Committee may consider any factors it deems relevant, including without limitation, the office or position held by the optionee or the optionee's relationship to the Company, the optionee's degree of responsibility for and contribution to the growth and success of the Company, the optionee's length of service, promotions and potential. An optionee who has been granted an option hereunder may be granted an additional Option or Options, if the Compensation Committee shall so determine.

Terms and Conditions of Options

Option Price

The exercise price of each share of stock purchasable under the options shall be determined by the Compensation Committee at the time of grant, subject to the conditions set forth in the immediately following sentence. The exercise price of each share of stock purchasable under an Incentive Stock Option shall not be less than 100% of the Fair Market Value (as defined below) of such share of stock on the trading day immediately preceding the date the Incentive Stock Option is granted; provided, however, that with respect to an optionee who, at the time such Incentive Stock Option is granted, owns (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company, the exercise price per share of stock shall be at least 110% of the Fair Market Value per share of stock on the trading day immediately preceding the date of grant. The exercise price of each share of stock purchasable under any option other than an Incentive Stock Option shall not be less than 100% of the Fair Market Value of such share of stock on the trading day immediately preceding the date the option is granted; provided, however, and notwithstanding any future amendment to the minimum exercise price of a nonqualified stock option, that if an option

granted to the Company's principal executive officer or to any of the Company's other three most highly compensated officers (other than the principal executive officer and the principal financial officer) is intended to qualify as performance-based compensation under Section 162(m) of the Code, the exercise price of such option shall not be less than 100% of the Fair Market Value of such share of stock on the trading day immediately preceding the date the option is granted. The exercise price for each option shall be subject to adjustment as provided in the 2012 Incentive Plan. In no event shall the exercise price of a share of stock be less than the minimum price permitted under the applicable rules and policies of any national securities exchange on which the shares of stock are listed.

“Fair Market Value” means the closing price of publicly traded shares of stock on the principal securities exchange, including the Nasdaq Stock Market, on which shares of stock are listed (if the shares of stock are so listed), or, if not so listed, the mean between the closing bid and asked prices of publicly traded shares of stock in the over-the-counter market, or, if such bid and asked prices shall not be available, as reported by any nationally recognized quotation service selected by the Company, or as determined by the Compensation Committee in a manner consistent with the provisions of the Code.

Option Term

The term of each option shall be fixed by the Compensation Committee, but no Option shall be exercisable more than ten years after the date such option is granted and in the case of an Incentive Stock Option granted to an optionee who, at the time such Incentive Stock Option is granted, owns (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company, no such Incentive Stock Option shall be exercisable more than five years after the date such Incentive Stock Option is granted.

Exercisability

Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Compensation Committee at the time of grant and subject to all applicable laws and regulations.

Non-Transferability of Options

Unless determined otherwise by the Compensation Committee, awards granted under the 2012 Incentive Plan generally are not transferable other than by will or by the laws of descent or distribution, and all rights with respect to an award granted to a participant generally will be available during a participant’s lifetime only to the participant.

Change in Control

Upon the occurrence of a Change in Control (as defined in the 2012 Incentive Plan), the Compensation Committee may accelerate the vesting and exercisability of outstanding options, in whole or in part, as determined by the Compensation Committee in its sole discretion. In its sole discretion, the Compensation Committee may also determine that, upon the occurrence of a Change in Control, each outstanding option shall terminate within a specified number of days after notice to the optionee thereunder, and each such optionee shall receive, with respect to each share of Company stock subject to such option, an amount equal to the excess of the Fair Market Value of such shares upon to such Change in Control over the exercise price per share of such option; such amount shall be payable in cash, in one or more kinds of property (including the property, if any, payable in the transaction) or a combination thereof, as the Compensation Committee shall determine in its sole discretion.

Amendment, Suspensions and Termination of the Plan

The Board may amend or terminate the 2012 Incentive Plan at any time, subject to any requirement of stockholder approval required by applicable law, rule or regulation, including, without limitation, NASDAQ rules and regulations. No amendment or termination of the 2012 Incentive Plan will impair the rights of any participant without the participant’s consent, unless required by applicable law, legislation, regulation or rule. Under Section 422(b)(2) of the Code, no Incentive Stock Option may be granted under the 2012 Incentive Plan more than ten years from the date the 2012 Incentive Plan was amended and restated or the date such amendment and restatement was approved by our stockholders, whichever is earlier.

Material Differences between 2014 Incentive Plan and 2012 Incentive Plan

We currently maintain both the 2014 Incentive Plan and the 2012 Incentive Plan. The 2014 Incentive Plan permits the issuance of Options, as well as stock Awards and the opportunity for directors, officers, employees, consultants and advisors of the Company by providing them with opportunities to make direct purchases of Restricted Stock. Alternatively, the 2012 Incentive Plan only permits the issuance of stock options. We intend to continue to issue awards under both the 2014 Incentive Plan and the 2012 Incentive Plan.

Federal Tax Aspects

The following summarizes the U.S. federal income tax consequences that generally will arise with respect to awards granted under the 2012 Incentive Plan. This summary is based on the tax laws in effect as of the date of this proxy statement. This summary assumes that all awards granted under the 2012 Incentive Plan are exempt from, or comply with, the rules under Section 409A of the Code related to nonqualified deferred compensation. Changes to these laws could alter the tax consequences described below. This discussion is not intended to be a complete discussion of all of the federal income tax consequences of the 2012 Incentive Plan or of all of the requirements that must be met in order to qualify for the tax treatment described herein. In addition, because tax consequences may vary, and certain exceptions to the general rules discussed herein may be applicable, depending upon the personal circumstances of individual holders of securities, each participant should consider his personal situation and consult with his own tax advisor with respect to the specific tax consequences applicable to him. No information is provided as to state tax laws.

Incentive Stock Options. A participant will not have income upon the grant of an Incentive Stock Option. Also, except as described below, a participant will not have income upon exercise of an Incentive Stock Option if the participant has been employed by the Company at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under “Nonstatutory Stock Options.” The exercise of an Incentive Stock Option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an Incentive Stock Option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, then, if sold at a profit, all of the profit will be long-term capital gain or, if sold at a loss, all of the loss will be long-term capital loss. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and the participant will have ordinary income equal to the difference between the exercise price and the fair market value of the underlying stock at the time the option was exercised. Depending on the circumstances of the disqualifying disposition, the participant may then be able to report any difference between the fair market value of the underlying stock at the time of exercise and the disposition price as gain or loss, as the case may be.

Nonstatutory Stock Options. A participant will not have income upon the grant of a nonstatutory stock option. A participant will have compensation income upon the exercise of a nonstatutory stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Tax Consequences to the Company. There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Code.

Required Vote

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the amendment of the 2012 Incentive Plan. Broker non-votes will not impact the outcome of the vote on this proposal but will be counted for purposes of determining whether there is a quorum.

The Board recommends a vote FOR the proposal to amend the 2012 Stock Incentive Plan.

PROPOSAL NO. 5 — Advisory Vote on the Compensation of Our Named Executive Officers (“Say-On-Pay Vote”)

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 enables our stockholders to vote and approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC’s rules.

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers, as such compensation is described in this proxy statement, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this proxy statement as disclosed pursuant to Item 402 of Regulation S-K. Our compensation program for our named executive officers is designed to reward high performance and innovation, to promote accountability and to ensure that executive interests are aligned with the interests of our stockholders. The following is a summary of the primary components of our named executive officer compensation. We urge our stockholders to review the Executive Compensation section in this proxy statement and related compensation tables for more information.

One component of our compensation program is base compensation or salary. We design base salaries to fall within a competitive range of the companies against which we compete for executive talent. Generally, the base salary established for an individual named executive officer reflects many inputs, including our Chief Executive Officer’s assessment of the named executive officer’s performance, the level of responsibility of the named executive officer, and competitive pay levels based on salaries paid to employees with similar roles and responsibilities at our peer group companies.

Another component of our compensation program is cash bonuses. We structure our cash bonus award program to reward named executive officers for our Company's successful performance, and for each individual's contribution to that performance.

A third component of our compensation program is equity awards. We grant stock options to our named executive officers in order to align their interests with the interests of our stockholders by tying the value delivered to our named executive officers to the value of our shares of Common Stock. We also believe that stock option grants to our named executive officers provide them with long-term incentives that will aid in retaining executive talent by providing opportunities to be compensated through the Company's performance and rewarding executives for creating shareholder value over the long-term.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board. Our Board believes that the information provided in this proxy statement demonstrates that our named executive officer compensation is designed to provide incentives and rewards for both our short-term and long-term performance, and is structured to motivate the Company's named executive officers to meet our strategic objectives, thereby maximizing total return to stockholders.

Therefore, it is proposed that the following resolution be adopted at the Meeting:

“RESOLVED, to approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion set forth in this proxy statement.”

Required Vote

The affirmative vote of the holders of a majority of the votes present in person or represented by proxy is required for the approval of the compensation of our named executive officers as disclosed in this proxy statement. Broker non-votes will not impact the outcome of the vote on this proposal but will be counted for purposes of determining whether there is a quorum.

<p>The Board recommends a vote FOR the advisory approval of the compensation of the Company's named executive officers as described in this proxy statement.</p>

CORPORATE GOVERNANCE

Committees and Meetings of Our Board of Directors

The Board held [four meetings] during Fiscal 2016. Throughout this period, each member of our Board who was a director in Fiscal 2016 attended or participated in at least 75% of the aggregate of the total number of meetings of our Board held during the period for which such person has served as a director, and the total number of meetings held by all committees of our Board on which each the director served during the periods such director served. Our Board has three standing committees: the Compensation Committee, the Audit Committee and the Corporate Governance/ Nominating Committee.

Compensation Committee. The members of our Compensation Committee are Professor Ofir, Mr. Bialos and Mr. Balin. - Annually reviewing and making recommendations to our Board with respect to the compensation policy for such other officers as directed by our Board.

The Compensation Committee meets, as often as it deems necessary, without the presence of any executive officer whose compensation it is then approving. Neither the Compensation Committee nor the Company engaged or received advice from any compensation consultant during 2016.

Our Compensation Committee held one meeting during 2016.

Audit Committee. The members of our Audit Committee are Professor Ofir, Mr. Bialos and Mr. Balin. - Recommending, establishing and monitoring procedures designed to improve the quality and reliability of the disclosure of our financial condition and results of operations.

Our Audit Committee held four meetings during 2016.

Corporate Governance/Nominating Committee. The members of our Corporate Governance/Nominating Committee are Professor Ofir, Mr. Bialos and Mr. Balin. Professor Ofir is the Chairman of the Corporate Governance/Nominating Committee and our board of directors has determined that all of the members of the Corporate Governance/Nominating Committee are “independent” as defined by NASDAQ rules and regulations. The Corporate Governance/Nominating Committee operates under a written charter that is posted on our website at www.micronet-enertec.com.

The primary responsibilities of our Corporate Governance/Nominating Committee include:

- Assisting the Board in, among other things, effecting Board organization, membership and function including identifying qualified Board nominees; effecting the organization, membership and function of Board committees including composition and recommendation of qualified candidates; establishment of and subsequent periodic evaluation of successor planning for the chief executive officer and other executive officers; development and evaluation of criteria for Board membership such as overall qualifications, term limits, age limits and independence; and oversight of compliance with applicable corporate governance guidelines; and
- Identifying and evaluating the qualifications of all candidates for nomination for election as directors.

Our Corporate Governance/Nominating Committee held one meeting during 2016.

Potential nominees will be identified by the Board based on the criteria, skills and qualifications determined by the Corporate Governance/Nominating Committee. In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our Corporate Governance/Nominating Committee will apply criteria including the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. No particular criteria will be a prerequisite or will be assigned a specific weight, nor do we have a diversity policy. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will result in a well-rounded board of directors and allow the Board to fulfill its responsibilities.

The Company has never received communications from stockholders recommending individuals to any of our independent directors. Therefore, we do not yet have a policy with regard to the consideration of any director candidates recommended by stockholders. In 2016, we did not pay a fee to any third party to identify or evaluate, or assist in identifying or evaluating, potential nominees for our Board. We have not received any recommendations from stockholders for Board nominees. All of the nominees for election at the Meeting are current members of our Board.

Board Leadership Structure. Our leadership structure includes the combined positions of Chairman of the Board, President and Chief Executive Officer. The Company believes this structure is appropriate for a company of our size and complexity because the Chairman, President and Chief Executive Officer (a) is most familiar with the Company's business and industry, (b) possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company, and is thus best positioned to develop agendas to ensure the Board's time and attention are focused on matters which are critical to the Company, and (c) conveys a clear, cohesive message to our stockholders, employees and industry partners.

Mr. David Lucatz serves as our Chairman of the Board, President and Chief Executive Officer. In his position as Chairman of the Board, Mr. Lucatz is responsible for setting the agenda and priorities of the Board. As Chief Executive Officer, Mr. Lucatz leads our day-to-day business operations and is accountable directly to the full Board. As Chief Executive Officer, Mr. Lucatz has day-to-day responsibility together with Mrs. Moran Amran, our controller, for our management operations and for general oversight of our business and the various management teams that are responsible for our day-to-day operations. We believe that this structure provides an efficient and effective leadership model for the Company.

Because the Chairman of the Board is also the President and Chief Executive Officer, the Board has designated an independent director to serve as the lead independent director to enhance the Board's ability to fulfill its responsibilities independently. The Board appointed Chezy (Yehezkel) Ofir as lead independent director. The lead independent director serves as the liaison between the Chairman and the independent directors.

We believe that the combined role of Chairman and Chief Executive Officer, together with an empowered lead independent director, is the optimal Board structure to provide independent oversight and hold management accountable while ensuring that our Company's strategic plans are pursued to optimize long-term shareholder value.

Risk Oversight. The Board, including the Audit Committee and Compensation Committee, periodically reviews and assesses the significant risks to the Company. Our management is responsible for the Company's risk management process and the day-to-day supervision and mitigation of risks. These risks include strategic, operational, competitive, financial, legal and regulatory risks. Our Board leadership structure, together with the frequent interaction between our directors and management, assists in this effort. Communication between our Board and management regarding long-term strategic planning and short-term operational practices include matters of material risk inherent in our business.

The Board plays an active role, as a whole and at the committee level in overseeing management of the Company's risks. Each of our Board committees is focused on specific risks within their areas of responsibility, but the Board believes that the overall enterprise risk management process is more properly overseen by all of the members of the Board. The Audit Committee is responsible for overseeing the management of financial and accounting risks. The Compensation Committee is responsible for overseeing the management of risks relating to executive compensation plans and arrangements. While each committee is responsible for the evaluation and management of such risks, the entire Board is regularly informed through committee reports. The Board incorporates the insight provided by these reports into its overall risk management analysis.

The Board administers its risk oversight responsibilities through the Chief Executive Officer and the Chief Financial Officer, who, together with management representatives of the relevant functional areas review and assess the operations of the Company as well as operating management's identification, assessment and mitigation of the material risks affecting our operations.

COMMUNICATING WITH OUR BOARD OF DIRECTORS

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Professor Ofir, one of our independent directors and the Chairman of our Audit Committee, with the assistance of our outside counsel, is primarily responsible for monitoring communications from our stockholders and for providing copies or summaries to the other directors as he considers appropriate. Communications are forwarded to all directors if they relate to substantive matters and include suggestions or comments that Professor Ofir considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to: Micronet Enertec Technologies, Inc., c/o Moran Amran, Controller at the address on the first page of this proxy statement.

ATTENDANCE AT SPECIAL AND ANNUAL STOCKHOLDER MEETINGS
